

Milwaukee School of Engineering Summer Schedule of Classes - 2024

The following pages contain the Summer 2024 Schedule of Classes as of 3/13/2024

Graduate Courses are listed after the Undergraduate Courses.

Course availability and day and times of course offerings as well as mode of delivery remain subject to change. Courses which have low enrollment are subject to cancellation.

Summer Registration will open with Fall Registration. Current MSOE students will be able to register for Summer and Fall classes once all holds have been released – including their fall day/time registration hold – starting the week of April 1, 2024.

Non-MSOE students wishing to take a summer course at MSOE need to first be admitted to MSOE, please contact Enrollment Management.

There are three summer terms. The attached schedule details for each course section what the date span of the section is and whether the course is in person, online, or a hybrid of the two.

The terms are:

Full Summer *

May 20 - August 16

Registration deadline: Friday May 24

No classes Monday May 27th and Thursday July 4th

Exams August 12 – 16. Unless otherwise indicated by faculty, the exam will take place in the same time and place as the first meeting of the class in the previous week. Exam time is likely to vary in NU courses.

Subterm 1

May 13 – June 28.

Registration deadline: Friday May 17

No classes on Monday May 27th

Exams June 24 -28. Unless otherwise indicated by faculty, the exam will take place in the same time and place as the first meeting of the class in the previous week.

Subterm 2 *

July 1 – August 16

Registration deadline: Friday July 5

No classes Thursday July 4th

Exams August 12 – 16. Unless otherwise indicated by faculty, the exam will take place in the same time and place as the first meeting of the class in the previous week.

Registering promptly for a class you are interested in may help ensure that it has adequate enrollment to run.

**** Students enrolling in courses that would normally meet on campus and include the week of July 15 – 19 should anticipate the potential move to an online format during that week to minimize the need for students to come to the MSOE campus during the Republican National Convention taking place nearby.***
