## Know Your Program End Date

As an F1 visa holder, you are expected to make normal progress toward the completion of your degree. It is important that you **know the program end date** on your form I-20. This is found in the “Program of Study” box on the front page of your I-20.

## How to Extend Your Program

If you require additional time to complete your degree, at least 10 business days before your program end date on your I-20 you must:

1. Contact your academic advisor and make a plan for when you will take the remainder of the classes you need
2. Contact your DSO to explain the reasons an extension is needed and discuss your plan to graduate
3. Fill out the [I-20 request form](#) on your myMSOE page, noting your new program end date and the reasons for your extension
