**Subject:** MSOE Consumer Information and Policies

Good morning all—

Per the U.S. Higher Education Opportunity Act (HEOA) and other Federal regulations, MSOE must disclose information about the university ranging from athletics, academics, financial aid, security, graduation rates, and more. As a means to making this information readily available, MSOE has a website called [MSOE Consumer Information and Policies](#). At some schools, this is referred to as the Right to Know Page.

Although we are required under these regulations to provide this information, we also believe it is important for our students to have easy access to this important information. So, please take a moment and review the page. Paper copies are available upon request.

Enjoy the day!
