

STUDENT CONSUMER COMPLAINT PROCESS 1.0.003

INTRODUCTION

Beginning July 1, 2011, the U.S. Department of Education regulations to improve the integrity of programs authorized under Title IV of the Higher Education Act (HEA), as amended (the “Program Integrity Rule”), take effect. The Program Integrity Rule requires, among other things, that each college or university authorized to offer postsecondary education in one or more States ensure access to a complaint process that will permit student consumers to address the following:

- Alleged violations of State consumer protection laws that include but are not limited to fraud and false advertising;
- Alleged violations of State laws or rules relating to the licensure of postsecondary institutions; and
- Complaints relating to the quality of education or other State or accreditation requirements.

Milwaukee School of Engineering (MSOE), as an institution authorized to provide postsecondary education in the State of Wisconsin, provides the following information to all current and prospective students:

The Higher Learning Commission of the North Central Association of Colleges and Schools accredits MSOE. You may review the accreditation documents at:

POLICY AND PROCESS

Compliance with United States Department of Education and the Higher Learning Commission directives require MSOE to have procedures for resolving student complaints in a timely manner. Further, MSOE maintains records related to all documented complaints from enrolled students, along with a log recording dates, a summary of the complaint, the person or office charged to investigate the complaint, and the resolution or actions taken in response to the complaint.

Milwaukee School of Engineering seeks to resolve all student concerns in a timely and effective manner. To that end, this complaint process serves as an ongoing means for students to discuss concerns or register formal complaints that pertain to alleged violations of State consumer protection laws that include but are not limited to fraud and false advertising; alleged violations of State laws or rules relating to the licensure of postsecondary institutions; and complaints relating to the quality of education or other State or accreditation requirements.

The Offices of Academics, Student Services & Enrollment Management, Student Affairs & Campus Inclusion, Finance, Campus Infrastructure, and Marketing and Community Engagement all provide administrative means to address and resolve most, if not all of the questions and concerns you may have. Information for each of these Offices is provided below:

- Executive Vice President of Academics (academic programs, library, accreditation, career services, registrar): CC420; x7324
- Vice President of Student Services & Enrollment Management (admissions, athletics, residence life, Kern Center, public safety): CC316; x7150
- Vice President of Student Affairs & Campus Inclusion (RCAS, campus life, multicultural affairs, dean of students): CC347; x6762
- Vice President of Finance (student accounts, financial aid): CC423; x7126
- Vice President of Campus Infrastructure (custodial, environmental health and safety, facilities, information technology): x7420
- Vice President of Marketing and Community Engagement (marketing, communications, Grohmann Museum, WMSE, bookstore): CC107; x7141
- President (human resources): CC400; x7100

MSOE expects that students will fully utilize any/all of the University's administrative procedures to address concerns and/or complaints in as timely a manner as possible. On occasion, however, a student may believe that these administrative procedures have not adequately addressed concerns. In such instances, complaints by currently enrolled students may be submitted in writing using the MSOE Student Complaint Form found at the end of this document. All documented complaints should be submitted to the Office of Academics. Departments, offices, and units that receive student complaints must request that students complete the MSOE Student Complaint Form, and then forward it to the Office of the Executive Vice President of Academics.

Upon receipt and within ten working days (when classes are in session), the Office of the Executive Vice President of Academics shall acknowledge in writing to the student receipt of the complaint. The Office of Academics shall then either (i) work to resolve the complaint (if the complaint falls within the purview of the Office), or (ii) forward the complaint to the appropriate university department, office, or unit, who shall then work to resolve the complaint.

A written complaint from a student received by a department, office, or unit in redirection from the Office of Academics becomes the responsibility of the receiving department, office, or unit. The receiving department, office, or unit is responsible for responding to the complaint as directed by the Office of Academics. The receiving department, office, or unit is additionally responsible for documenting in writing any action(s) carried out in response to the complaint, including resolution(s), and for forwarding this written documentation to the Office Academics for inclusion in the Student Complaint Log.

A formal complaint must be submitted by a student in writing using this MSOE Student Complaint Form, signed by the student, and then submitted to the Office of the Executive Vice President of Academics. After acknowledging receipt of the complaint, the Office of the Executive Vice President of Academics (or designee) will investigate the complaint, take appropriate action, and respond to the student within 30 days. A record of the student complaint will be placed in a file and noted in the Student Complaint Log retained in the Office of Academics.
