

The MSOE Financial Aid Office is accepting applications for the **Weimer Industries Engineering and Weimer Industries Business Development Scholarships**. Up to two qualified students will be selected as recipients and may receive a paid summer internship at Weimer Industries for summer 2018 along with a **\$5,000 scholarship** for the 2018-2019 school year. This may be renewable if the recipient fulfills the agreed upon criteria below.

Criteria

- Be a qualified, full-time student with academic status as a junior or a senior;
- Seeking a professional baccalaureate degree in Computer Engineering, Electrical Engineering, Mechanical Engineering, Software Engineering, Business Management, or User Experience and Communication Design from MSOE;
- Maintain a minimum MSOE grade point average of 2.3 or higher on a 4.0 grading system.
- Preference given to students interested in pursuing either an industrial sales or electro-mechanical product design career

Internship/Employment

If offered, recipients of the scholarships may be eligible for compensated internships at one of the following locations:

- Weimer Industries
- Wisconsin Stamping and Manufacturing
- Raffel Systems

To Apply

Submit a Scholarship Report Form to the Financial Aid Office by the deadline of **APRIL 20TH, 2018.**
